Departure to the European Parliament

09.30-12.30

Role Game at the European Parliament & visit

In fictitious political groups across two committees, participants become Members of the European Parliament and negotiate between themselves to shape legislation. Players must work together and make difficult decisions as they tackle issues such as water access in an age of climate change and the implications of technological advances.

The Role Play Game shows how European Union legislation is created, from consulting interest groups and forming alliances to agreeing with other institutions and speaking to the media.
